

1. MENENE DALILIN SHUKIN WAKEN SUYA

2. SHIRIN GONA

- Share ciyai dake gonan
- Yi kaftu da hanu, ko huda da garman shanu, ko kuma tirakto.

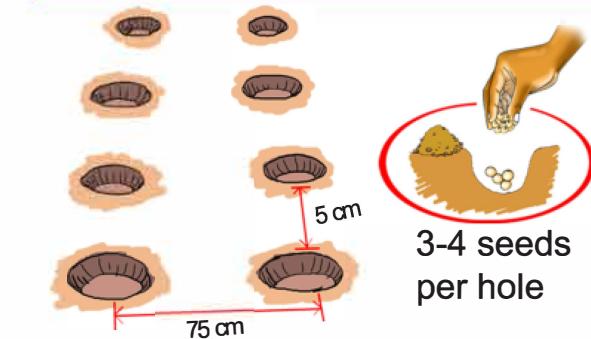

3. ZABAN IRI

- Tabbata iri bai kai wata goma shabiyu a ajiye ba domin ya tsira mai kyau.
- Yi amfani da iri mai inganci
- Yi gwaji na tsirar iri, kada ya kasa kwana goma kafin shuki: shuka kwayan iri dari, bayan kwana biyar, a kirga kwaya nawa suka tsira, idan ya kai tamanin irin na da kyau, idan saba'in zuwa tamanin to sai a kara yawan irin, in kuwa ya kasa saba'in sai a samo sabon iri.
- Yi amfani da irin da ya dace da gu.

4. SHUKIN WAKEN SUYA

Kwaya uku zuwa hudu a rami
Santimita biyar (5cm) tsakanin shuki
Santimita saba'in da biyar (75cm) tsakanin jere
A yi shuki da safe ko yamma domin a kawas da zafin rana akan iri mai sinadari

5. ZUBA TAKI

Location	Location	Characteristics
Southern Guinea	TGX 1448-2E TGX 1904-6F	Late maturing (100-120 days), non-shattering, good seed quality
Northern Guinea	TGX 1904-6F TGX 1951-3F TGX 1951-3F	Medium maturing (100-110 days), fodder yield low-shattering, good seed quality
Derived Savanna	TGX 1904-6F TGX 1951-3F TGX 1955-4F TGX 1448-2E	Medium maturing (100-120 days), fodder yield low-shattering, good seed quality
Sudan	TGX 1835-10E TGX 1987-10F TGX 1987-62F	Extra-early maturing (80-90 days), low-shattering, good seed quality, highly resistant to rust and bacterial

6. KULA DA GONA

- A yi noma sau daya a sati na biyar zuwa shida bayan shuki, in an yi amfani da maganin hana ciyawa.
- In noman hanune, a yi noma sati biyu bayan shuki
- A tabbata gonar ba ciyawa a kullum.

GIRMAR DA KYAKKYAWAN WAKEN SOYA!

8. SUSSUKA, SHEKA DA AJIYA

- A yi sussuka da inji ko da hanu a guri mai tsabta in waken suyan sun bushe
- A shanya waken da aka sussuka a buhun shanyi na tsawon mako daya zuwa biyu.
- A sheka domin a cire yayi sai a zuba a buhunna masu tsabta.
- Kada a ajiye buhunna a kasa ko kusa da garu.

7. GIRBI

In kashi tamanin(80) cikin dari na gonan ya yi rawaya , ya isa girbi.

Yi amfani da adda a yanka daga kasa a bar jiiyian mai Nitrogen a cikin kasa

- o sai a baza waken soyan da aka girbe akan buhu mai fadi mai tsabta ko akan siminti na tsawon sati biyu.
